

NEW COOPERATIVE POLICY IN OFFING

Primary agri coop societies to get larger role in running farm schemes: Shah

FE BUREAU
New Delhi, September 25

UNION HOME MINISTER Amit Shah, who also holds the cooperation portfolio, on Saturday said that the Centre will soon unveil a new cooperative policy that will entrust the primary agriculture cooperative societies (PACS) with the task of implementing various government schemes in the farm sector.

The government is also planning to facilitate the creation of more PACS so that one such entity is present in every two villages.

There is a role for PACS in [rural] areas like farm-related schemes like electronic national agriculture market (e-NAM) and soil health card scheme. Benefits of all these schemes will reach the ground level when PACS is made implementing agencies at village levels," Shah said while addressing the first National Cooperative Conference in New Delhi.

The newly created cooperation ministry is also considering a proposal to convert PACS as a farmer producer organisations, he added.

Shah said PACS would be strengthened, and states would be required to make necessary changes in their laws through advisories. Pointing out that the current number of

Home minister Amit Shah gestures during the National Cooperative Conference at Indira Gandhi Indoor Stadium in New Delhi on Saturday

PACS is highly insufficient, Shah said. "The Centre will create necessary legal framework to increase the number of PACS to 3 lakh from current 65,000... One of the major issues is the current legal provision that disallows formation of a new PACS until the existing cooperative is wound up once it goes bankrupt," he said.

Just about a decade ago,

credit cooperatives covered 69% of the rural credit outlets and their share in rural credit was fairly impressive, at 45% of the total rural credit in the country, NABARD chairman G R Chintala wrote in FE last month. As their share in rural credit is just 12.36% (in FY19), a lot of discussion within NABARD and RBI is going on to check the continuous sliding.

"But a PACS, to really make a difference, will need to first transition from being just a credit society to a multi-service centre (MSC) and turn into a one-stop shop for both goods and services," Chintala suggested. NABARD is currently implementing a project to develop 35,000 PACS into MSCs on mission-gathering

of over 2,100 representatives of different cooperatives from across the country, the minister said the government would soon come out with a new cooperative policy after two decades. The current policy was approved in 2002.

On the criticism about creating a separate ministry of cooperation even though it is a state subject, Shah said: "There could be a legal response to it, but he does not want to get into this argument." The Centre, he stressed, will cooperate with states and there will be no friction.

The government will also support the existing national level cooperatives. If they expand to other sectors, Shah assured the sector's representatives and added that several changes in the Multi-State Cooperative Societies Act would be made in the near future.

As reported by FE earlier, the Union government may propose a Constitutional amendment in order to bring cooperative societies under the Concurrent List, not being disapproved by a Supreme Court ruling that state-level societies are within the exclusive remit of the state legislatures while Parliament can make laws pertaining to multi-state co-operatives.

The move is seen as a prerequisite for the newly formed ministry of cooperatives to meet its ambitious objectives.

Rupee Coop Bank depositors oppose decision of DICGC to pay ₹5L to a/c holders of stressed coop banks

FE BUREAU
Pune, September 25

A GROUP of people claiming to represent the interests of account holders and depositors of Rupee Cooperative Bank has opposed the decision taken by the Deposit Insurance and Credit Guarantee Corporation (DICGC) to pay depositors of 21 stressed cooperative banks a sum of ₹5 lakh within 90 days.

The DICGC has said that, following the amendment of the DICGC Act, it will make payments to depositors within 90 days. Besides PMC, the large banks include Rupee Cooperative Bank, Marathi Coop Bank, and City Coop Bank, all from Maharashtra. Depositors in these banks have been waiting for years for their money. RBI had placed the banks under its all-inclusive directions, which included restrictions on withdrawal of deposits.

Dhananjay Khanzode, one

of the depositors of the Rupee Cooperative Bank, said that depositors should be given their entire amounts and not just ₹5 lakh since they have been waiting for years for their money. He asked depositors to wait for a month since the decision of the Bombay High Court is still awaited. The Rupee Cooperative Bank depositors had filed a civil writ petition with the Bombay High Court, seeking release of their deposits and action against the current administration of the bank.

Khanzode said that he would approach depositors of the other stressed banks as well to jointly tackle this issue.

DICGC has said that banks will have to submit a claim list by October 15 and update the position as of November 29 with principal and interest in a final updated list.

Rupee Cooperative Bank, headquartered in Pune, has been under strict banking restrictions because of mounting debts.

CBIC makes authentication of Aadhaar mandatory for claiming GST refund

THE GOVERNMENT HAS made Aadhaar authentication of taxpayers mandatory for claiming GST refund. The Central Board of Indirect Taxes and Customs (CBIC) has amended GST rules relating to various anti-evasion measures, including dis-

bursal of GST refunds only in the bank account, which is linked with same PAN on which GST registration has been obtained.

The notification also states that from January 1, 2022, businesses who have defaulted

in filing summary return and paying monthly GST will not be able to file GSTR-1 sales return of the succeeding month. The notification follows the decisions taken at the meeting of the GST Council in Lucknow on September 17.

I-T dept notifies FY21 'safe harbour' rates for firms

PRESS TRUST OF INDIA
New Delhi, September 25

THE TAX DEPARTMENT has notified the "safe harbour" rates for FY20-21 for calculation of transfer pricing for foreign companies in India.

Generally, safe harbour is defined as circumstances in which the tax authority shall accept the taxpayer to be at arm's length.

The CBIT has extended the applicability of Safe Harbour Rules (SHR) to FY20-21. As per the notification, the rates under

SHR applicable from 2016-17 to 2018-19, and later extended to 2019-20, will continue to apply for FY20-21 as well.

Transfer pricing implies the prices at which various business divisions of a company transact with each other. Nangia & Co LLP, partner-Transfer Pricing, Nitin Narang said like last year, this year again, the rates have been prescribed for one year only, instead of 3-year and 5-year period earlier.

SHR had been mutually beneficial for both taxpayers and tax authorities. For taxpayers, it ensured compliance and cost-

saving and administrative convenience and resources channelised in other business area, and for tax authorities, in terms of reduced time for review and litigation, agreed margins without dispute mechanism and a best option. Given that businesses are amid an unprecedented economic situation and the past year has been severely impacted due to the pandemic, any lowering of the rates in line with the current economic circumstances would have gone a long way to make SHR more attractive and lowering of threshold, or adding more transactions, may add more welfare to taxpayers, Narang added.

Shareholders of MP Birla group firms vote against induction of nominees

FE BUREAU
Kolkata, September 25

THE LODHAS HAVE scored a major win at the annual general meetings (AGMs) of the three cable manufacturing companies of the MP Birla group — Birla Cable, Universal Cables and Vindhyateliniks — as shareholders have voted against the induction of nominees on the companies' board of directors. AGMs of the three cable firms were held on September 23. Birla Corporation's AGM is scheduled on September 29.

Significantly, the board of directors of all the operating companies of MP Birla group "strongly recommended against" induction of nominees of The Punjab Produce & Trading Co, which has ongoing litigation with the companies and entities belonging to the group.

"It's a landmark victory over years of mischievous acts, and one of the most memorable ones in 17 years of the proxy war being waged against the wishes of the late Priyamvada Birla," said Lodha's advocate Debendra Mandal, partner, Fox & Mandal. "It gives us immense confidence to take on much more," Mandal added.

Voting results of Birla Cable's AGM further revealed that, Dhanraj Ram Agarwal, also a nominee of The Punjab

Produce & Trading Co, received only 18.55% of votes cast in his favour.

The Punjab Produce & Trading Co had earlier sent notices to the group's operating companies, Birla Corporation, Birla Cable, Universal Cables and Vindhyateliniks, proposing board seats for its nominees on the companies' board of directors. AGMs of the three cable firms were held on September 23. Birla Corporation's AGM is scheduled on September 29.

Significantly, the board of directors of all the operating companies of MP Birla group "strongly recommended against" induction of nominees of The Punjab Produce & Trading Co, which has ongoing litigation with the companies and entities belonging to the group.

"It's a landmark victory over years of mischievous acts, and one of the most memorable ones in 17 years of the proxy war being waged against the wishes of the late Priyamvada Birla," said Lodha's advocate Debendra Mandal, partner, Fox & Mandal. "It gives us immense confidence to take on much more," Mandal added.

Info Edge arm intends to file fresh scheme of amalgamation

INFO EDGE (INDIA) on Saturday said its subsidiary, MakeSense Technologies, intends to file a fresh scheme of amalgamation with PB Fintech — which operates Policybazaar — after the latter's IPO.

In April, Info Edge had announced the merger of MakeSense Technologies and PB Fintech.

"MakeSense Technologies Ltd received a request letter from PB Fintech Ltd seeking its consent for withdrawal of the

aforsaid scheme from the Hon'ble National Company Law Tribunal, Chandigarh Bench (NCLT) in order to expedite the process of its upcoming IPO," Info Edge (India) said in a regulatory filing said on Saturday.

It added that in view of this, the board of directors of MakeSense Technologies has passed a resolution approving the withdrawal of the scheme, subject to approval of the NCLT. —PTI
